[redacted]

The discussion covers and is relevant to the arrangement which I have with the sponsor. These regulations were first published in 1958 before I came to [redacted] (1962). I have been aware of them, and to the best of my knowledge my activities with the sponsor have been completely in line with the directives set forth by these regulations.

I think it would be helpful as a matter of record to file a copy of the regulations and this letter with personnel.

Sincerely,
